Rebotec Boston CE rated for 150kg body weight. Suitable for use as a bedside commode as well as over a toilet commode and in the shower.

Designed with no weld joints for rust or microfracture weak points. Very high resistance to wear and finish. No rust no abrasion damage.

- ✓ Polypropylene frame with long-chain synthetic filler is warm and comfortable to touch.
- ✓ Strong and rigid modern materials with added benefit of shock dissipation with very high strength. No weld joints for rust or microfracture weak points.
- ✓ Seamless joints where dirt and bodily fluids are not trapped.
- ✓ Synthetic thermosetting, perfect for steam cleaning and autoclave at high pressure and all normal cleaning agents.
- ✓ Easily and quick strip down for decontamination makes clearing easy.
- ✓ Reduces cross-infection having a fully synthetic frame which doesn't chip or rust.
- ✓ Very high resistance to wear and finish. Massive long term financial saving, no need to replace. No rust no abrasion damage.
